All applicable Codes, Ordinances, Resolutions, Rules and Regulations and established policies of the City and the laws of the State of California and the United States of America concerning the subject matter of this Agreement are hereby referred to and incorporated herein to the same effect as if they were set out a length herein. Said Codes, Ordinances, Resolutions, Rules and Regulations include, but are not limited to, the following: The Municipal Code of the City of Marina, including the current Zoning Ordinance, and the currently adopted California Building Code.

## SECTION 2

The Developer agrees:

- a. To perform each and every provision required by the City to be performed by the Developer in each and every one of the applicable Codes, Ordinances, Resolutions, Rules and other Regulations and to comply with the foregoing and all applicable laws.
- b. To annex the Property to Community Facilities District No.2015-01 to provide for the imposition of special assessments on the Property providing funding for the maintenance of the Improvements to be constructed by the Developer pursuant to this Agreement in a timely manner in order to ensure that the annexation to the Community Facilities District is accomplished prior to the sale or conveyance of any portion of the Property.
- c. To grant to the City or other entities entitled thereto, from property owned by the Developer, without charge and free and clear of monetary liens and encumbrances, any and all public, private, utility, drainage, construction or access easements and rights of way (herein "easements") in and to the Property necessary for the City, in order that the storm drain and street improvements to said real property may be extended; however, City shall not be obligated to accept any such easement, right-of-way or improvements thereon prior to the annexation of the Property to the Community Facilities District. At no cost to the Developer, City and Developer will work cooperatively with the owners of other real property to acquire all easements necessary to construct the Improvements. At no cost to the City, City agrees to support Developer in acquisition of easements necessary to construct the Improvements and to accept said easements upon execution of easement grant deeds to the City by grantors, subject to the condition set forth above regarding the annexation to the Community Facilities District. City also agrees to issue Developer and/or Developer's contractors encroachment permits necessary to accomplish said work.

Prior to acceptance of the Improvements by the City, to indemnify, defend with counsel of City's choice and hold the City and any of its officials, boards and commissions and members thereof, agents and employees, free and harmless from all suits, fees, claims, demands, causes of action, costs, losses, damages, liabilities and expenses (including without limitation attorney's fees) because of or arising or resulting directly or indirectly from (i) any damage done to any utility, public facility or other material or installation of the City on said real estate as a result of the Developer or any contractor or subcontractor of the Developer, or any employee of the foregoing, grading or working upon said real estate; or (ii) any act or omission of Developer or Developer's contractors, or subcontractors, or any employee of the foregoing in connection with the design, construction or other work performed by them in connection with this Agreement, including without limitation all claims relating to injury or death of any person or damage to any property, except for such claims, demands, causes of action liability, or loss arising out of the sole active negligence of the City or any of its officials, boards and commissions and members thereof, agents and employees. City shall not be responsible for the design or construction of the Improvements pursuant to the Improvement Plans, regardless of any negligent action or inaction taken by City in approving the Improvement Plans unless the particular improvement design was specifically required by City over written objection by Developer submitted to the City Engineer before construction and acceptance of the Improvements, which objection indicated that the particular improvement design was dangerous or defective and suggested an alternate safe and feasible design. Prior to acceptance, Developer shall remain obligated for routine maintenance. After acceptance, Developer shall remain obligated to eliminate any defect in design or dangerous condition caused by the design of construction defect, however, Developer shall not be responsible for routine maintenance. Provisions of this Section shall remain in full force and effect for ten years following acceptance by City of the Improvements. Each bond shall set forth a time period for performance by the contractor of its obligations and the terms and conditions on which the City may obtain the proceeds of the bond. Alternatively, the Developer may provide a cash

deposit in an amount of 100% of the City Engineer's, or his or her designee's, estimated cost of the Improvements to guarantee Developer's performance of this Agreement.

The Faithful Performance Bond shall be in an amount not less than one hundred percent (100%) of the total estimated amount payable for the Improvements described in this agreement, and shall secure payment to City of any loss due to the default of the Developer or its contractors or their inability or refusal to perform this contract, and to guarantee or warranty the work done pursuant to this Agreement for a period of one year following acceptance thereof by City against any defective work or labor done or defective materials furnished. The performance bond shall by its terms remain in full force and effect for a period of not less than one year after completion of the Improvements by Developer and acceptance of the Improvements by the City, provided that Developer may substitute for the performance bond securing the warranty described above with a separate warranty bond issued by an admitted surety in the amount of ten percent (10%) of the total contract price of the Improvements (provided that amount of said bond shall not be less than One Thousand Dollars (\$1,000) to cover the one-year warranty period. The Payment Bond shall provide that the surety will pay the following amounts should the Developer, or its contractor or subcontractors fail to pay the same, plus reasonable attorneys' fees to be fixed by the court if suit is brought upon the bond: (1) amounts due to any of the persons named in California Civil Code Sections 8520, 8530 and 9100; (2) amounts due under the Unemployment Insurance Code with respect to work or labor performed for the improvements described in this agreement; and (3) any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of the Developer, its contractors and subcontractors pursuant to Section 13020 of the Unemployment Insurance Code with respect to the work and labor. The Payment Bond shall, by its terms, inure to the benefit of any of the persons named in Civil Code Sections 8520, 8530 and 9100 so as to give a right of action to those persons or their assigns in any suit brought upon the bond

The Developer shall submit the following for both the surety that furnishes the Payment Bond and the surety that furnishes the Faithful Performance Bond: (1) a current printout from California Department of Insurances website ([www.insurance.ca.gov](http://www.insurance.ca.gov)) showing that the surety is admitted to do business in the State; or (2) a certificate from the Clerk of the County of Monterey that the surety's certificate of authority has not been surrendered, revoked, canceled, annulled, or suspended or in the event that it has, than renewed authority has been granted.

All such policies shall provide that thirty (30) days written notice must be given in advance to City prior to termination, cancellation or modification. The insurance specified in (a) above shall name City as additional insured and the insurance (b) shall name City as a loss payee, and (e) shall name the City as a loss payee, and shall provide that City, although an additional insured or loss payee, may recover for any loss suffered by reason of the acts or omissions of Developer or Developer's contractors or their respective employees. Developer hereby waives, and Developer shall cause each of its contractors and subcontractors to waive, all rights to recover against City for any loss or damage arising from a cause covered by the insurance required to be carried pursuant to this Agreement, and will cause each insurer to waive all rights of subrogation against City in connection therewith. All policies shall be written on an occurrence basis and not on a claims made basis and shall be issued by insurance companies acceptable to City. Prior to commencing any work pursuant this Agreement, Developer shall deliver to City the insurance company's certificate evidencing the required coverage, or if required by City a copy of the policies obtained.

All the provisions of this Agreement and all work to be done pursuant to the terms of this Agreement are to be completed within the time periods set forth in such Schedule of Performance. Developer shall maintain such public works facilities and other improvements described in this Agreement at Developer’s sole cost and expense at all times prior to acceptance by City in a manner which will preclude any hazard to life or health or damage to property. in the event of default by the Developer. The right of City to draw upon or utilize the security is additional to and not in lieu of any other remedy available to City. It is specifically recognized that the estimated costs and security amounts may not reflect the actual cost of construction or installation of the Improvements and, therefore, City's damages for Developer's default shall not exceed the cost of completing the Improvements. The sums provided by the security for the Improvements may be used by City for the completion of the Improvements in accordance with the Improvement Plans referenced herein.

c) In the event of Developer's default under this Agreement, Developer authorizes City to perform such obligation sixty days after mailing written notice of default to Developer and to Developer's surety, and agrees to pay the entire cost of such performance by City. City may take over the work and prosecute the same to completion by contract or by any other method City may deem advisable, for the account and at the expense of Developer, and Developer's surety shall be liable to the City for any excess cost or damages occasioned City thereby, including but not limited to fees and charges or architects, engineers, attorneys, other professionals and court costs. In such event, City without liability for doing so, may take possession of, and utilize in completing the work, such materials, appliances, plants and other property belonging to Developer as may be on the site of the work and necessary for performance of the work.

d) Failure of City to take an enforcement action with respect to a default, or to declare a breach, shall not be construed as a waiver of that default or breach or any subsequent default or breach of Developer.
