DRAFT FUTURE RESOLUTION NO. 2017-

Request for the City of Marina ("City") to adopt the Western Snowy Plover (WSP) as the City Shorebird and to support conservation efforts of this threatened species through participation in the Snowy Plover Active Recovery Efforts program ("SPARE"), a program of Citizens for Sustainable Marina (C4SM).

WHEREAS, the City Vision Statement states, "Marina will grow and mature from a small town bedroom community to a small city which is diversified, vibrant and through positive relationships with regional agencies, self-sufficient. The City will develop in a way that insulates it from the negative impacts of urban sprawl to become a desirable residential and business community in a natural setting." (Resolution No. 2006-112 - May 2, 2006), and;

WHEREAS, the City Mission states "The City Council will provide the leadership in protecting Marina's natural setting while developing the City in a way that provides a balance of housing, jobs and business opportunities that will result in a community characterized by a desirable quality of life, including recreation and cultural opportunities, a safe environment and an economic viability that supports a high level of municipal services and infrastructure." (Resolution No. 2006-112 - May 2, 2006) and;

WHEREAS, the Pacific Coast population of the Western Snowy Plover (WSP) was federally listed by the Fish & Wildlife Services (FWS) as threatened on March 5, 1993, and the U.S. Fish and Wildlife Services Recovery Plan for the Western Snowy Plover Pacific Coast Population was approved on August, 13, 2007, and a Final Rule (FWS) for the revised designation of critical habitat along the coasts of California, Oregon and Washington was published on June 2012, and;

WHEREAS, historically, thousands of Western Snowy Plovers nested along the California coast, by the late 1970's, the WSP had disappeared from significant parts of its coastal California breeding range and the breeding population along the western coast dwindled to 1500 birds in 2001; and, since 2013, the number of breeders in the Monterey Bay area has steadily increased from 382 in 2013, 419 in 2014, to 469 in 2015, as reported by Point Blue, and;

WHEREAS, the U.S. Fish and Wildlife Services Recovery Plan for the Pacific Coast Population of the WSP specifically identifies habitat degradation inclusive of causes by a variety of human disturbances, urban development, introduced flora such as beachgrass, and expanding predator populations such as corvids and dogs, resulting in the decline in active nesting areas and in the size of the breeding and wintering populations, and;

WHEREAS, the local Marina shoreline of approximately three miles comprises 16 % of the total nests of WSP on the Monterey Bay coastal region in 2015 (Point Blue Conservation Science Publication, January, 2016) with a 40% hatch rate of chicks but an overall fledge rate of only 31% (survival at 28 days or more after hatching) compared to a 48% fledge rate of all other Monterey Bay habitats (Appendix C) and;

WHEREAS, the City of Marina will continue to accelerate in population, creating increased visitation to our beaches and increased risk to the WSP habitats within Marina's jurisdictional boundaries, and;

WHEREAS, the City of Marina encourages Marina residents to participate in the SPARE program, which helps to protect the WSP and its beach habitat in a variety of ways including, but not limited to: a) creating a City of Marina website page dedicated to beach and dunes habitats in Marina that are home to threatened and endangered wildlife and plant species, b) promoting public education on the WSP and its habitat, including special outreach to the CSUMB student population, c) producing and distributing new and available educational materials, d) developing and providing nature tours for local community members and visitors, e) supporting

special habitat initiatives, e.g., participation in citizen monitoring programs, beach cleanups that include good habitat stewardship instruction, collaboration in ongoing preservation efforts with key conservation agencies, and e) utilizing the City Shorebird designation and its preservation activities in Marina City tourism and marketing and;

WHEREAS, the City of Marina will support SPARE, a program of Citizens for Sustainable Marina (C4SM), through efforts such as, but not limited to, access to relevant City resources, public announcements, postings on the City website, inclusion in City events and programs, and maintenance of a sponsorship plaque on City premises, and;

WHEREAS, in adopting the Western Snowy Plover as the Marina City Shorebird and supporting the SPARE program, the City of Marina, by this resolution will create local, community-wide awareness and pride in preserving a threatened species within its City boundaries,

NOW, THEREFORE, BE IT RESOLVED that the Council of the City of Marina does hereby:

1. Approve adopting the Western Snowy Plover as the official City Shorebird for the City of Marina.
2. Support the Snowy Plover Active Recovery Efforts program (“SPARE”) program to educate and encourage Marina residents to participate in the conservation of the Western Snowy Plover along the three-mile Marina shoreline habitat.
3. Receive an annual report from SPARE as to its activities and the current status of the WSP population along the Marina coastline.

Since 2009, Citizens for Sustainable Marina (C4SM) has been active in the City of Marina promoting activities, projects, and policies that are community building and leading Marina into a more sustainable future. Our mission is *to meet the challenge of declining resources and climate change by helping our community transition to sustainable practices.*

Our goals are to:

- enable communities to meet new challenges and new opportunities
- decrease use of fossil fuels and other non-renewable resources, and
- protect our environment

C4SM sponsors many action-based projects. Current projects include:

- Monterey Peninsula's largest annual Earth Day celebration
- Regular beach and neighborhood cleanups;
- Locke-Paddon Oak Woodland restoration project; and
- SPARE: Snowy Plover Active Recovery Efforts, aimed at dune protection and education about this endangered species. Our steering committee meets monthly to guide these projects forward.

C4SM is part of a peninsula-wide collective of local action groups under the umbrella and fiscal sponsorship of Communities for Sustainable Monterey County (Tax ID# 26-1183384). Learn more at sustainablemontereycounty.org.

SPARE Project Principals

Kathy Biala, SPARE Project Leader, is a member of the Steering Committee of Citizens for Sustainable Marina and is a retired nurse with a Master's of Science degree in Nursing from University of Maryland. Since moving to Marina in 2014, she has come not only to appreciate the tremendous eco-system here replete with abundant wildlife, but also sees the need for active advocacy of our natural habitats that are continually subject to challenges from urban growth and population increases. Kathy is a City of Marina Planning Commissioner and the elected liaison to the Design Review Board; in these roles, she has the opportunity to consider how "smart urban growth" can support eco-friendly development. Kathy has been particularly involved in conservation efforts of a threatened species, the Western Snowy Plover, and the preservation of our sand dunes related to erosion factors. Kathy and her husband walk 3-4 miles daily on the beaches and dunes of our local, state, regional and national parks.

Karyn Wolfe, co-chair of Citizens for Sustainable Marina, has 25 years of non-profit administration and project management experience and a lifelong love of the natural world. Her interests include ecological restoration, renewable energy, affordable housing, new urbanism, healthy food systems, deep ecology, and the building of a just, whole, and sustainable future for all. She focuses on building an integrated and strong local community that is socially, economically, and environmentally just and health. Karyn is a California naturalist, has studied social work, is currently obtaining and Eco-Psychology certification from Lewis & Clark College, and has a BA in English from UC Berkeley. She is co-Chair of Citizens for Sustainable Marina, writes online at luminousimmensity.com, is dedicated to supporting in-depth nature experiences in urban and wilderness contexts, and is a devoted mother and mate.

main: 707-781-2555, fax: 707-765-1685, <http://www.pointblue.org/>

Our mission is to conserve birds, other wildlife and ecosystems through science, partnerships, and outreach. We have been assessing changes in our environment and advancing conservation through bird and ecosystem studies since our founding as Point Reyes Bird Observatory in 1965. We do research, provide management guidance, lead field science training programs, and deliver science education to inspire the next generation of conservationists.

Point Blue's 140 staff members and seasonal scientists work from the Sierra to the sea and as far away as Antarctica to reduce the negative impacts of climate change, habitat degradation, pollution and other stressors on wildlife and people, all while preparing for the changes—and challenges—ahead.

Science: At the core of our work is innovative science, studying birds and other environmental indicators to protect nature's benefits. Using our long term data from the Palomarin Field Station, the Farallon Islands, and other places, we evaluate natural and human-driven change over time. We guide our partners in adaptive management for improved conservation outcomes. We publish our findings in peer-reviewed journals and contribute to the "conservation commons" of open access scientific knowledge. We store, manage and interpret over half a billion bird and ecosystem observations from across North America. And, we create sophisticated, yet accessible, decision support tools to improve conservation today and in an uncertain future.

Partnerships: We advance nature's health through extensive collaborations with government agencies, private land owners, and other wildlife and habitat managers, on land and at sea. Point Blue is an active science leader in major regional, national, and international conservation partnerships. We are also leaders in community-based restoration and conservation, helping ecosystems and people adapt to the changes ahead.

Outreach: We not only do the science—we bring the science to public and private wildlife and habitat managers, working hand-in-hand to improve conservation outcomes for ecological and economic benefits. We educate school children and budding ecologists, training and inspiring the next-generation of conservation science leaders. We also train seasoned conservation practitioners to help them utilize the best available conservation tools and solutions.

Through science, partnerships and outreach, Point Blue's 140 scientists work to maximize nature's benefits for wildlife and people in our rapidly changing world.

Point Blue Conservation Science (formerly PRBO) is a 501(c)(3) not-for-profit organization. Federal Tax number is 94-1594250. POINT BLUE is registered with the U.S. Patent and Trademark Office. POINT BLUE, Point Blue Conservation Science, and the Bird Design are service marks of Point Blue Conservation Science.

City Attorney commented on agenda item 8b(1), City Council meeting minutes of October 18, 2016. We have reviewed the tape/video and have determined that the public report of the vote that was made by the presiding officer by the mayor was in accord with the Brown Act and was the official record of the vote on that matter, and that report was that the matter was approved unanimously by the council members in attendance at that meeting and should stand as the official record of the vote on item 12 b on the October 18th agenda.

Council Member Amadeo announced that she would like to abstain from the vote for agenda item 8b(1) (October 18, 2016 Council Minutes)

Agenda Item: 8b(1)

BROWN/MORTON TO APPROVE AGENDA ITEM 8b(1). 4-0-0-1(Amadeo) Motion Passes

Public Comment on Motion:

- Paula Pelot – Commented that when Mayor asked all those against say no, and then you said NO. I understand your intension was but never heard the yes vote, only heard the no vote and went back and listened several times. Would like clarification from mayor. Never heard of an instance where the mayor can say this was the vote when in fact that was not what was the recorded vote.

Mayor Pro-Tem O’Connell requested to pull agenda item 8g(1) to be voted on separately, does not agree with retro pay back to January 2015 and will be voting no.

Council Member Morton requested to pull agenda item 8f(1) to be voted on separately, had question relative to Finance Director making budgetary adjustments when there is no fiscal impact.

DELGADO/BROWN: TO APPROVE THE CONSENT AGENDA MINUS 8f(1) AND 8g(1). 5-0-0-0 Motion Passes

Agenda Item: 8f(1)

MORTON/DELGADO: TO APPROVE RESOLUTION NO. 2016-145, APPROVING PROPOSED CLASSIFICATION AND SALARY RANGE ADJUSTMENT FOR THE PLANNING SERVICES MANAGER CLASSIFICATION SETTING THE SALARY RANGE FOR THE CLASSIFICATION AT \$8,231 TO \$10,005 PER MONTH; AND AUTHORIZE THE CITY MANAGER TO MAKE THE NECESSARY ADJUSTMENTS TO THE CLASSIFICATION AND COMPENSATION PLAN. 5-0-0-0 Motion Passes

Agenda Item: 8g(1)

DELGADO/BROWN: TO APPROVE RESOLUTION NO. 2016-146, AUTHORIZING THE CITY MANAGER TO EXECUTE A SIDE LETTER AGREEMENT BETWEEN THE CITY OF MARINA AND THE MARINA PROFESSIONAL FIREFIGHTERS ASSOCIATION, AND; AUTHORIZING ADJUSTMENTS TO CITY COMPENSATION PLAN INCLUDING ADJUSTMENTS TO THE SALARY SCHEDULE AND OTHER SPECIFIED TERMS AND CONDITIONS OF EMPLOYMENT SPECIFIED IN THE SIDE LETTER, AND; AUTHORIZING FINANCE DIRECTOR TO MAKE APPROPRIATE ACCOUNTING AND BUDGETARY ENTRIES. 4-1(O’Connell)-0-0 Motion Passes

9. OTHER ACTION ITEMS: Action listed for each Agenda item is that which is requested by staff. The City Council may, at its discretion, take action on any items. The public is invited to approach the podium to provide up to four (4) minutes of public comment.

Note: No additional major projects or programs should be undertaken without review of the impacts on existing priorities (Resolution No. 2006-79 – April 4, 2006).

- a. City Council consideration of the Fort Ord Reuse Authority's (FORA) potential action to initiate legislative amendment process for the extension of FORA through 2030 and provide direction.

City Manager Long explained that the FORA Board has on their agenda for this Friday's meeting a *"recommendation to authorize the executive officer to work with the state legislative offices to consider legislative extension of the Fort Ord Reuse Authority through 2030 and sustain the 2020 transition planning and risk financial analysis and identify resource options."*

City has some concerns on that end. We have expressed the desire to be placed on the agenda and speak at the FORA Board meeting to provide additional information to the board and to the public. We were denied that opportunity to do that and so if council has any direction for staff or for our members who will be voting on behalf of the council I think it would be appropriate to do it.

The extension of FORA is not a forgone conclusion, it will require approval of the legislature and the governor's office. The land use jurisdictions, which are five (5) will have the greatest impact with FORA and it's imperative that all the full costs and all the liabilities, all the options, all these alternatives be fully vetted and expressed and made public to not only those jurisdictions but everyone and we don't believe that has not been at this point.

FORA has a budget of about \$16 million and out of that budget a little over \$3 million is for staffing and operating costs and there is another \$2 million for various consultants and so I think that as we as agencies are trying to use our dollars the best that we can we think it's important that we look at all options, especially with the underline land use jurisdictions and see if there's way we can reduce the redundancy, the duplication of efforts, if there are other things that the land use jurisdiction can be done because we're spending millions of dollars just for FORA overhead and staffing to exist. If we had those millions of dollars those could be put into blight removal and other critical projects for the land use jurisdictions.

When FORA was initially established in 1994 there was a lot of restrictions, a lot of plans put into place. Some of those assumptions have now been accomplished and we believe a delegation of some of those powers that were to FORA now should be transitioned to the land use jurisdictions. We believe we could more effectively use our tax payer dollars to do that.

These are the main things I wanted to toss out to the council for consideration and to see if there is further direction.

Council discussed: are we giving direction for a vote or a direction for what we would like the board to consider in their arguments? What do we want our representatives to represent from us regarding the arguments against the extension? City's funding contribution to FORA; Jurisdictional obligations; does FORA need to exist for MCWD to fulfill their water obligations;

Council Member Morton: we have not been given sufficient information, sufficient analysis to look at, what are the alternatives, what would be the responsibilities to the City of Marina, to the other jurisdiction but most importantly to the City of Marina if FORA sunset? What would be the obligations that we would be taking on, what would be funding mechanisms by which our city could complete those obligations and responsibility and after repeatedly asking for these things the Transition Task Force has asked the question in only in the "yes" "no" is should FORA be extended or should FORA not be extended without any analysis. My suggestion as a city, my responsibility that I think the city should be stating is that "FOR A should delay seeking the legislative action to continue to the 2030", which is the action that I want to take on Friday, and they should delay seeking that legislative action until they formulate the transition plan that is required under the current state law that would then require that all of the jurisdictions would be informed, our rights, our responsibilities, our

obligations, that's what a transition plan would do and allow all of us as the jurisdictions to evaluate if it's beneficial for FORA to be extended or not.

I am not as of today in a position as your representative to say it's better for Marina that FORA goes away or that FORA stays or that FORA should be reconfigured, that there should be an alternative that is restructure and looks something different, such as it's just the land use jurisdictions. The reason I can't answer any of that is the questions that have been posed at the Transition Committee meeting, largely by the City of Marina have been unanswered. So coming to a vote this Friday I think that we need to make the city position, "we want the information" and I am very much interested in having information before we vote to extend FORA.

Council agrees and supports Council Member Morton's concerns about not having enough information regarding the extension of FORA to 2030 or without having the city's questions answered.

Public Comments:

- Paula Pelot – Sat before the legislative committee the last time the FORA extension came up and it was longer than 2016 and dialed back and we were hoping it was the line in the sand. We are not getting what we should be getting for the dollars that go into FORA. The attention is elsewhere and we have all that blight in the Cypress Knolls area that is not being addressed and that is a damper for all the new housing that is going in. Hopes that there would be a full transition plan for 2016 before anybody throws that away and says we're going out to 2030. It's absurd.
- Margaret Davis – thanked council for their position on this. FORA's behavior on this it outrageous as usual and the very request demonstrates that they're ineffective and incompetent and they know it.

10. PUBLIC HEARINGS:

City Council Meeting
of December 6, 2016

**CITY COUNCIL CONSIDER ADOPTING RESOLUTION 2016-,
AUTHORIZING ADVERTISING AND CALL FOR BIDS FOR
LANDSCAPE MAINTENANCE SERVICES OF THREE (3) LANDSCAPE
MAINTENANCE DISTRICTS, ONE (1) COMMUNITY FACILITY
DISTRICT, AND THE MARINA BRANCH LIBRARY**

REQUEST:

It is requested that the City Council consider:

1. Adopting Resolution No. 2016-, authorizing advertising and call for bids for landscape maintenance services of three (3) landscape maintenance assessment districts, one (1) community facility district and the Marina Branch Library.

BACKGROUND:

At the special meeting of October 23, 2012, the City Council adopted Resolution No. 2012-164, awarding bid for landscape maintenance services at four (4) Landscape Maintenance Districts and one (1) Community Facility District (CFD) to New Image Landscape Company of Fremont, California.

At the regular meeting of August 6, 2014, the City Council adopted Resolution No. 2014-90, approving Amendment No. 1 to agreement between the City of Marina and New Image Landscape Company of Fremont, California, to remove the Marina Woods Landscape Maintenance District from the Landscape Maintenance Services Agreement, reduce services to the Monterey Bay Estates Landscape and Lighting Maintenance District, and extend the amended contract for two (2) years.

At the regular meeting of October 21, 2014, the City Council adopted Resolution No. 2014-113, approving Amendment No. 2 to agreement between the City of Marina and New Image Landscape Company of Fremont, California, to increase the compensation to the Contractor for landscape maintenance of the Marina Branch Library.

At the regular meeting of April 19, 2016 the City Council adopted Resolution No. 2016-52, Resolution No. 2016-53, and Resolution No. 2016-54, confirming the diagrams and assessments and ordering the levy of assessments for Seabreeze, Cypress Cove II and Monterey Bay Estates landscape maintenance districts.

The above referenced maintenance districts were formed pursuant to the Landscaping and Lighting Act of 1972 to maintain certain improvements required of new development as a condition of the subdivision approvals.

ANALYSIS:

Staff has prepared a scope of work for the maintenance of the three (3) landscape maintenance assessment districts, one (1) Locke-Paddon community facilities district, and the Marina Branch Library.

The City has contracted with New Image Landscape Company since 2012. Contract services should be evaluated through an open procurement process from time to time to ensure that the City is getting the best value for quality service. Staff recommends soliciting proposals given the duration of the current agreement, number of contract amendments, and changes to the overall scope of landscape maintenance services.

FISCAL IMPACT:

There is no fiscal impact to calling for bids. However, funding for the special districts' maintenance services will be paid from special tax assessments collected from each of the three (3) landscape maintenance assessment districts and the one (1) community facility district within the FY 2016-17 Budget. Funding for the Marina Branch Library landscape maintenance services will be paid from the Buildings and Grounds Library maintenance budget account (NWS Fund 100-310-311).

Should the City Council approve this request, staff will return to the City Council at a later date with a recommendation to award the contract to the successful bidder and will present the corresponding fiscal impact.

CONCLUSION:

This request is submitted for City Council consideration and possible action.

City Council Meeting
of December 6, 2016

**CITY COUNCIL CONSIDER ADOPTING RESOLUTION NO. 2016-,
APPROVING REGULAR CITY COUNCIL MEETING SCHEDULE FOR
2017 CALENDAR YEAR.**

REQUEST:

It is requested that the City Council consider:

1. Adopting Resolution No. 2016-, approving regular City Council meeting schedule for 2017 Calendar Year.

BACKGROUND:

The City Council meets regularly on the first and third Tuesdays of each month.

In the 2017 calendar year, there are holidays observed by the City that would affect review of agenda packet information.

Historically, City Council meetings scheduled for the Tuesday after a holiday have been rescheduled to the Wednesday following the holiday. This change in the regular schedule allows City Council members and the public an opportunity to ask questions of staff sufficiently in advance of attendance at a regular City Council meeting.

In 2017, the holidays and special events that may affect agenda packet review include: New Year's Day-Monday, January 1st; Martin Luther King Jr, Birthday-January 16th; Presidents Day-February 20th; Independence Day-Tuesday, July 4th; National Night Out - August 1st; and Labor Day-September 4th.

ANALYSIS:

For the fair and efficient consideration of matters, to insure that the public is fully informed of the matters coming before the City Council, has an opportunity to witness the deliberations of the members of the City Council and further to encourage public involvement, the 2015 City Council meeting calendar is established and takes into consideration dates that may affect review of items to be discussed at the regularly scheduled City Council meeting.

Due to the substantive demands related to review the City Council agenda packet by elected officials and to allow for an opportunity for the City Council and public to ask questions sufficiently in advance of attendance at a regular City Council meeting, the 2016 Calendar is proposed which includes cancelling one (1) meeting and rescheduling five (5) meeting dates ("**EXHIBIT A**").

1. Regular meeting of January 3, 2017 Cancelled;
2. Regular meeting of January 16, to Wednesday, January 18, 2017;
3. Regular meeting of February 20 to Wednesday, February 22, 2017;
4. Regular meeting of July 4 to Wednesday, July 5, 2017;
5. Regular meeting of Tuesday, August 1, to Wednesday, August 2, 2017;
6. Regular meeting of Tuesday, September 5, to Wednesday, September 6, 2017

Rescheduling these meeting dates will allow the time necessary for questions and clarifications from the City Council and any interested parties.

As a matter of governance, the City holds City Council meetings and establishing the 2017 calendar in advance provides the City Council, staff and public advanced notice in regard to when the regular business of the City will be discussed.

FISCAL IMPACT:

None

CONCLUSION:

This request is submitted for City Council consideration and possible action.

Honorable Mayor and Members

City Council Meeting
of December 6, 2016

**RECOMMENDATION TO CONSIDER ADOPTING RESOLUTION NO. 2016-,
APPROVING AMENDMENT NO. 7 AMENDING AGREEMENT BETWEEN
THE CITY OF MARINA AND CSG CONSULTANTS, OF FOSTER CITY,
CALIFORNIA, TO EXTEND THE CURRENT CONTRACT TO JUNE 30, 2017,
AND AUTHORIZING THE CITY MANAGER TO EXECUTE THE
AGREEMENT AMENDMENT ON BEHALF OF THE CITY SUBJECT TO
FINAL REVIEW AND APPROVAL BY THE CITY ATTORNEY**

REQUEST:

It is recommended that the City Council:

1. Consider adopting Resolution No. 2016-, approving Amendment No. 7 amending the agreement between the City of Marina and CSG Consultants, of Foster City, California, to extend the current contract to June 30, 2017, and;
2. Authorize the City Manager to execute Amendment No. 7 on behalf of the City subject to final review and approval by the City Attorney.

BACKGROUND:

At the regular meeting of April 4, 2006, the City Council adopted Resolution No. 2006-84, approving an Agreement between the City of Marina and CSG Consultants (the "Agreement") to provide engineering inspection services to the City's Engineering Division and on July 18, 2006 adopted Resolution No. 2006-184 approving Amendment No. 1 to the Agreement revising the Scope of Services.

At the regular meeting of March 6, 2007, the City Council adopted Resolution No. 2007-44, approving Amendment No. 2 to the Agreement to provide staff augmentation to the Community Development Department, Building Division, as Acting Code Enforcement Officer.

At the regular meeting of June 3, 2008, the City Council adopted Resolution 2008-119 approving Amendment No. 3 to the Agreement to provide building inspection services to the Community Development Department, Building Division.

At the regular meeting of June 19, 2012, the City Council adopted Resolution 2012-90 approving Amendment No. 4 extending the agreement to continue providing engineering and building services and to include building and fire plan check and planning services to the Community Development Department to June 30, 2013.

At the regular meeting of October 16, 2012, the City Council adopted Resolution 2012-156 approving Amendment No. 5 to extend the current contract to June 30, 2016 and provide technical assistance in the independent or joint agencies procurement process with the Monterey Regional Waste Management District (MRWMD) for waste and recycling collection and processing services to the Community Development Department.

At the regular meeting of June 21, 2016, the City Council adopted Resolution 2016-88 approving Amendment No. 6 extending the agreement to continue providing engineering and building services to December 31, 2016.

ANALYSIS:

CSG Consultants have been providing engineering and building services under the Community Development Department since 2006. The City is completing the reorganization the Community Development and Public Works Department. The City will continue to need the services of CSG Consultants in both the Engineering and Building disciplines. Those services include but are not limited to: Development review, plan check for code compliance, code enforcement, construction management & inspection services, building inspection, project management, grant application and compliance, and the day to day engineering services to assist the new Community Development Director and Public Works Director.

The City has contracted with CSG Consultants since 2006. Contract services should be evaluated through an open procurement process from time to time to ensure that the City is getting the best value for quality service. Extending the contract for six months will provide time for staff to issue a request for proposals and evaluate proposals from firms providing similar services.

CONCLUSION:

This request is submitted for City Council consideration and possible action.

Respectfully submitted,

Brian McMinn, P.E., P.L.S.

**CITY COUNCIL CONSIDER ADOPTING RESOLUTION NO. 2016-,
APPROVING AMENDMENT #1 TO THE MONTEREY COUNTY
HEALTH DEPARTMENT, BEHAVIORAL HEALTH CRISIS
NEGOTIATIONS TEAM SERVICES INTERAGENCY AGREEMENT,
AND AUTHORIZING CITY MANAGER TO EXECUTE AMENDMENT
#1 ON BEHALF OF CITY SUBJECT TO FINAL REVIEW AND
APPROVAL BY THE CITY ATTORNEY**

REQUEST:

It is requested that the City Council:

1. Consider adopting Resolution No. 2016-, approving Amendment #1 to the Monterey County Health Department, Behavioral Health Crisis Negotiations Team Services Interagency agreement, and;
2. Authorize the City Manager to execute the agreement subject to final review and approval by the City Attorney.

BACKGROUND:

On September 18, 2012 City Council approved the City of Marina's participation (Resolution No. 2012-142) in the Monterey County Health Department, Behavioral Health Crisis Negotiations Team Services Interagency agreement (BHCNT).

The BHCNT allows Monterey County Health Department's Behavioral Health Crisis Negotiations Team to respond and provide supportive services in situations wherein a police officer is faced with a person facing a serious crisis. When requested by a police officer, a licensed clinician will respond to a crisis negotiations situation to offer clinical insight on mental illness, supportive suggestions on intervening with the individual(s) experiencing the crisis, background information of individual(s) if pertinent to the situation, information on community resources/referrals, and collaboration to collect needed intelligence (i.e. family, medical, and psychiatric information, and other relevant information).

Law enforcement agencies routinely come into contact with persons suffering from various mental illnesses and life crisis's that require assistance beyond a police officer's skill set. These situations may include psychotic episodes, suicidal ideations and or subjects who are unwilling to accept a police officer's basic intervention efforts.

Law enforcement contacts with persons in crisis can be volatile and dangerous for the officers involved, the public and the person in crisis as well. The agreement provides a level of assistance and expertise for law enforcement that will greatly enhance the Department's ability to safely and effectively deal with these types of situations.

To date Monterey County Health Department, Behavioral Health Crisis Negotiations Team Services Interagency agreement has been a valuable asset to the City of Marina and the other law enforcement agencies in Monterey County.

Advantages for continued participation are:

For law enforcement and BHCNT:

- Reduction in litigation costs to law enforcement agencies.
- Increased positive outcomes during crisis situations.
- Increased knowledge of referral resources in Monterey County.
- Increased interaction and collaboration between law enforcement and Monterey County Behavioral Health.

For individuals in crisis:

- Reduction in harm to self and others during crisis situations.
- Reduction in threats/distress.
- Increased positive interaction with law enforcement.
- Increased interaction with Monterey County Behavioral Health.
- Increased benefit of collaboration with community agencies and resources

Approval of the proposed amendment will allow the Police Department to continue to provide a better environment for persons in crisis to make improved choices for themselves, including not harming themselves or others. Additionally, these individuals will be able to access mental health and other resources that may be unknown to them, which will further stabilize them. This includes assistance with drug abuse, anger management, suicide prevention, mental illness and other related mental disorders.

ANALYSIS:

The agreement (“**EXHIBIT A**”) is a collaboration between Monterey County law enforcement agencies and the Monterey County Health Department. The BHCNT provides Monterey County law enforcement officers with a cadre of mental health professionals who will assist in bringing resolution to serious calls for service involving persons with mental illness or a life crisis. Historically, there have been instances involving mentally ill persons or persons in crisis that have led to tragedy and the death of officers, families and the person in crisis.

The proposed amendment is the result of efforts to improve BHCNT and as with every organization changes are expected as it matures and grows and identifies areas that need updating.

The proposed Amendment #1 (“**EXHIBIT B**”) replaces Exhibit A of the current agreement in its entirety. The following are substantive changes proposed in Amendment #1:

1. Section I added stating:

CRISIS NEGOTIATION TEAM (CNT) PROGRAM

The CNT program, as part of the BHCNT, will partner with and provide supportive services to the Hostage Negotiation Team (“hereinafter referred to as “HNT”) when faced with a crisis situation. When requested by the PEACE OFFICER(S), a licensed clinician will respond to a crisis negotiation situation to offer clinical insight, supportive suggestions, background information, information on community resources/referrals, and collaboration to collect needed intelligence for the individual(s) in crisis.

2. Section I, Subsection A - Title Change:

From: “BEHAVIORAL HEALTH CRISIS NEGOTIATIONS TEAM AGREES TO”

To: “FOR THE PURPOSE OF THE CNT PROGRAM, HEALTH AGREES TO”

(No other substantive changes to section verbiage)

3. Section I, Subsection B – Title Change:

From: “MONTEREY COUNTY PEACE OFFICERS’ ENTITIES AGREE TO”

To: “FOR THE PURPOSES OF THE CNT PROGRAM MONTEREY COUNTY PEACE OFFICERS’ ENTITIES AGREE TO”

(No other substantive changes to section verbiage)

4. Section II added stating:

MOBILE CRISIS TEAM (MCT) PROGRAM

The MCT program, as part of the BHCNT program, will partner with the named police departments to provide services that will respond to 911 requests involving an individual experiencing a psychiatric or emotional crisis. The MCT program will operate with the goal of avoiding the use of involuntary psychiatric hospitalization, whenever appropriate, by providing alternative treatment resources, which may include consultation, crisis intervention, and referral to a brief treatment and/or diversion to other voluntary psychiatric services available. A mental health professional will be assigned to a designated jurisdiction: Monterey Peninsula, Salinas or South Monterey County.

5. Section II, Subsection A added stating:

FOR THE PURPOSE OF THE MCT PROGRAM, HEALTH AGREES TO:

1. Assign a mental health licensed OR licensed eligible clinician known as Mobile Crisis Intervention Specialist (hereinafter referred to as “MCIS”) to a designated PEACE OFFICER jurisdiction site.
 - a. The MCT program will generally operate from Wednesday through Saturday, during the hours of 1230 to 2200 hours in addition to alternating Tuesdays from 1330 to 2200 hours.
 - b. If a MCIS is not available for their shift due to illness or planned leave, the MCT for that particular jurisdiction will not be in service during that time period.
 - c. For any MCIS Staff assigned to a PEACE OFFICER site, the County will provide office furniture and supplies; IT equipment and IT support if necessary, in order to appropriately equip the MCIS with the appropriate furniture, supplies and equipment necessary to conduct County business. In the event of termination of services, the County will retrieve all County-owned equipment, furniture and supplies.
2. The MCIS will primarily respond to dispatched calls for service requested by PEACE OFFICERS. They may also respond to calls as requested by PEACE OFFICERS through direct contact or when contacted by PEACE OFFICERS by Monterey County phone, however, the MCIS will inform Dispatch of their service response before or while on scene.

3. The MCIS will travel and respond to calls using a designated HEALTH MCT Vehicle and conduct outreach work with known individuals who may be in need of crisis intervention and/or a referral to other community services.
 4. If the MCIS determines the individual in crisis meets the California Welfare and Institutions Code Section 5150 for an involuntary psychiatric hold, the MCIS on duty will complete the 5150 documentation, as needed.
 5. If there is a disagreement between the responding PEACE OFFICER and the MCIS regarding whether the individual meets criteria for an involuntary psychiatric hold, the MCT Supervisor or designee will be contacted for consultation. The MCT Supervisor or designee will be available by phone throughout the MCIS shift for consultation and support.
 6. If an individual is placed on an involuntary psychiatric hold by either the MCIS or the responding PEACE OFFICER, the individual will be transported by PEACE OFFICER or by ambulance.
 7. Individuals not meeting criteria for an involuntary psychiatric hold, and who have been evaluated by the MCIS may be transported in the MCT Vehicle to voluntary alternative locations if deemed appropriate based on MCIS' clinical judgment.
 8. The MCIS and responding PEACE OFFICERS will report any issue of concern or complexity directly to their respective supervisors as needed. It is expected that the MCIS and responding PEACE OFFICERS will work collaboratively and generally work together to address day-to-day issues. The MCT Supervisor or designee will be available by phone throughout the MCT shift for consultation.
 9. The MCIS will share with responding PEACE OFFICERS, where applicable, protected health information on the individual being served by a crisis intervention service, consistent with all applicable health privacy laws.
 10. The MCIS will enter each call for MCT service into HEALTH's Electronic Health Record System to track the number of calls and outcomes to quantify and measure program success.
6. Section II, Subsection B added stating:

FOR THE PURPOSE OF THE MCT PROGRAM, MONTEREY COUNTY PEACE OFFICERS' ENTITIES AGREE TO:

1. Assume primary responsibility for site control.
2. Determine whether phone consultation or on-site consultation is needed from the MCIS.
3. Coordinate training exercises with MCIS to ensure proper collaboration when needed during a crisis situation.
4. Collaborate with the MCIS on-call members by participating in trainings and meetings to ensure proper understanding of roles and responsibilities during crisis situations.
5. Provide office and/or meeting space and any equipment necessary (other than the equipment provided by County in Section 2. A(c) of this Exhibit) for the implementation of services provided by the MCIS. In the event of termination of services, the PEACE OFFICERS acknowledge the County will retrieve all County-owned equipment, furniture, and supplies.

7. Confidentiality section added stating:

CONFIDENTIALITY

All HEALTH staff is subject to all rules of confidentiality set forth in all applicable health privacy laws, which apply to the provision of mental health services by the BHCNT and MCT programs. The minimum amount necessary of confidential mental health information will be shared for the sole purpose of preventing or causing harm and/or injury to others or to themselves. For all other purposes, without express written permission of the individual, PEACE OFFICERS may not have access to any confidential mental health information as held by the BHCNT and MCT programs. Any confidential mental health information PEACE OFFICERS may receive by written and/or oral transmission may not be re-disclosed in any format at any time.

This inter-agency agreement has no fiscal impact to the City. No fees or charges are associated with it. Monterey County will receive funding through the Mental Services Health Act (MHSA – Proposition 63).

Participation in the proposed agreement will positively benefit the City, the Police Department and individuals in crisis within the City. The ability to have mental health professionals available to respond to a person in crisis is a valuable resource and another level of assistance in bringing resolution to a crisis situation and providing help to someone in need of specialized mental health intervention.

Unless otherwise specified by this Inter-Agency Agreement, all such insurance shall be written on an occurrence basis, or, if the policy is not written on an occurrence basis, such policy with the coverage required herein shall continue in effect for a period of three years following the date PEACE OFFICER and HEALTH completes its performance of services under this Agreement.

Each liability policy shall provide that the PEACE OFFICER and HEALTH shall be given notice in writing at least thirty days in advance of any endorsed reduction in coverage or limit, cancellation, or intended non-renewal thereof. Each policy shall provide coverage for the PEACE OFFICER and HEALTH as additional insureds with respect to claims arising from each PEACE OFFICER'S or HEALTH'S officers, agents, and employees, if any, performing work under this Inter-Agency Agreement, or be accompanied by a certificate of insurance from each PEACE OFFICER'S and HEALTH'S officers, agents, and employees showing each PEACE OFFICER'S and HEALTH'S officers, agents, and employees has identical or better insurance coverage to the above requirements.

Commercial general liability and automobile liability policies shall provide an endorsement naming the PEACE OFFICER'S and HEALTH'S officers, agents, and employees as Additional Insureds with respect to liability arising out of the PEACE OFFICER'S or HEALTH'S work, including ongoing and completed operations, and shall further provide that such insurance is primary insurance to any insurance or self-insurance maintained by the PEACE OFFICER or HEALTH.

Prior to the execution of this Inter-Agency Agreement by the PEACE OFFICER and HEALTH, PEACE OFFICER and HEALTH shall file certificates of insurance with the PEACE OFFICER'S and HEALTH'S contract administrator, or as otherwise directed, showing that PEACE OFFICER and HEALTH have in effect the insurance

required by this Inter-Agency Agreement. PEACE OFFICER and HEALTH shall file a new or amended certificate of insurance within twenty calendar days after any change is made in any insurance policy, which would alter the information on the certificate then on file.

Acceptance or approval of insurance shall in no way modify or change the indemnification clause in this Inter-Agency Agreement, which shall continue in full force and effect.

PEACE OFFICER and HEALTH shall at all times during the term of this Inter-Agency Agreement maintain in force the insurance coverage required under this Inter-Agency Agreement and shall send, without demand by PEACE OFFICER or HEALTH, annual certificates to PEACE OFFICER and the County's Contract Administrator and the County's Contracts/Purchasing Division, or as otherwise directed by the certificate holder.

Any failure by PEACE OFFICER or HEALTH to verify compliance with these insurance requirements, or any failure to object to insurance that does not meet these requirements, shall not be considered to be a waiver of these requirements, nor shall the member agency which would benefit from such insurance be stopped from obtaining such benefits from the member agency failing to obtain such insurance or self-insurance as agreed herein.

A member agency shall be obligated to provide insurance documentation as required under this Inter-Agency Agreement upon the request of PEACE OFFICER or HEALTH.

C. TERM

This Inter-Agency Agreement shall become effective when fully executed by the parties herein, and shall remain in effect until terminated with a thirty (30) day written notice from any party. This Inter-Agency Agreement may be renewed or renegotiated upon mutual written consent of all parties. If there is a need for revision of this Inter-Agency Agreement, the initiating agency will request a meeting and provide in writing at the time of the request a draft of changes to be considered. The CNT program, as part of the BHCNT, will partner with and provide supportive services to the Hostage Negotiation Team (“hereinafter referred to as “HNT”) when faced with a crisis situation. II. MOBILE CRISIS TEAM (MCT) PROGRAM

The MCT program, as part of the BHCNT program, will partner with the named police departments to provide services that will respond to 911 requests involving an individual experiencing a psychiatric or emotional crisis. The MCT program will operate with the goal of avoiding the use of involuntary psychiatric hospitalization, whenever appropriate, by providing alternative treatment resources, which may include consultation, crisis intervention, and referral to a brief treatment and/or diversion to other voluntary psychiatric

services available. A mental health professional will be assigned to a designated jurisdiction: Monterey Peninsula, Salinas or South Monterey County.

A. FOR THE PURPOSE OF THE MCT PROGRAM, HEALTH AGREES TO:

1. Assign a mental health licensed OR licensed eligible clinician known as Mobile Crisis Intervention Specialist (hereinafter referred to as "MCIS") to a designated PEACE OFFICER jurisdiction site.
 - a. The MCT program will generally operate from Wednesday through Saturday, during the hours of 1230 to 2200 hours in addition to alternating Tuesdays from 1330 to 2200 hours.
 - b. If a MCIS is not available for their shift due to illness or planned leave, the MCT for that particular jurisdiction will not be in service during that time period.
 - c. For any MCIS Staff assigned to a PEACE OFFICER site, the County will provide office furniture and supplies; IT equipment and IT support if necessary, in order to appropriately equip the MCIS with the appropriate furniture, supplies and equipment necessary to conduct County business. In the event of termination of services, the County will retrieve all County-owned equipment, furniture and supplies.
2. The MCIS will primarily respond to dispatched calls for service requested by PEACE OFFICERS. They may also respond to calls as requested by PEACE OFFICERS through direct contact or when contacted by PEACE OFFICERS by Monterey County phone, however, the MCIS will inform Dispatch of their service response before or while on scene.
3. The MCIS will travel and respond to calls using a designated HEALTH MCT Vehicle and conduct outreach work with known individuals who may be in need of crisis intervention and/or a referral to other community services.
4. If the MCIS determines the individual in crisis meets the California Welfare and Institutions Code Section 5150 for an involuntary psychiatric hold, the MCIS on duty will complete the 5150 documentation, as needed.
5. If there is a disagreement between the responding PEACE OFFICER and the MCIS regarding whether the individual meets criteria for an involuntary psychiatric hold, the MCT Supervisor or designee will be contacted for consultation. The MCT Supervisor or designee will be available by phone throughout the MCIS shift for consultation and support.
6. If an individual is placed on an involuntary psychiatric hold by either the MCIS or the responding PEACE OFFICER, the individual will be transported by PEACE OFFICER or by ambulance.
7. Individuals not meeting criteria for an involuntary psychiatric hold, and who have been evaluated by the MCIS may be transported in the MCT Vehicle to voluntary alternative locations if deemed appropriate based on MCIS' clinical judgment.
8. The MCIS and responding PEACE OFFICERS will report any issue of concern or complexity directly to their respective supervisors as needed. It is expected that the MCIS and responding PEACE OFFICERS will work collaboratively and generally work together to address day-to-day issues. The MCT Supervisor or designee will be available by phone throughout the MCT shift for consultation.
9. The MCIS will share with responding PEACE OFFICERS, where applicable,

protected health information on the individual being served by a crisis intervention service, consistent with all applicable health privacy laws.

10. The MCIS will enter each call for MCT service into HEALTH's Electronic Health Record System to track the number of calls and outcomes to quantify and measure program success.

1. Assume primary responsibility for site control.
2. Determine whether phone consultation or on-site consultation is needed from the MCIS.
3. Coordinate training exercises with MCIS to ensure proper collaboration when needed during a crisis situation.
4. Collaborate with the MCIS on-call members by participating in trainings and meetings to ensure proper understanding of roles and responsibilities during crisis situations.
5. Provide office and/or meeting space and any equipment necessary (other than the equipment provided by County in Section 2. A(c) of this Exhibit) for the implementation of services provided by the MCIS. In the event of termination of services, the PEACE OFFICERS acknowledge the County will retrieve all County-owned equipment, furniture, and supplies.

CONFIDENTIALITY

All HEALTH staff is subject to all rules of confidentiality set forth in all applicable health privacy laws, which apply to the provision of mental health services by the BHCNT and MCT programs. The minimum amount necessary of confidential mental health information will be shared for the sole purpose of preventing or causing harm and/or injury to others or to themselves. For all other purposes, without express written permission of the individual, PEACE OFFICERS may not have access to any confidential mental health information as held by the BHCNT and MCT programs. HIGHLIGHTS

2017 Board Meeting Calendar. The calendar was approved under consent. Most meetings will be held on the third Friday, although the Board meetings for March, June, September, and December will be held on the fourth Friday of the month. Staff noted on the calendar that the meetings in August and December may be cancelled, depending on whether or not there are action items that need approval of the Board.

Annual Audit for Fiscal Year 2015/16. The District's annual audit for FY 2015/16 was reviewed and accepted by the Board. Bianchi Kasavan & Pope, LLP (BK&P) reported that BK&P had expressed a "clean" opinion, with no findings or recommendations over internal controls, and no audit adjustments. Finance Manager Chuck Rees expressed appreciation to his accounting staff. He reported that the District operations finished stronger than budgeted with increased Operating Revenues from Contract waste, Last Chance Mercantile sales, Scale and Operational services and Sand sales partially offset by a reduction Power sales and Landscape product sales. The increase in Operating expenses resulted primarily from Fuel supplied to GreenWaste Recovery, increased Gas project maintenance, Professional Services, Maintenance of structures and equipment, and Taxes, licenses and permits. These were partially offset by reductions in Salaries and Employee benefits, Recycling expenses, and Depreciation. The District's Audit Report had Income from Operations of \$3,767,790 compared to the budget of \$146,000. Non-operating Expenses were below budget by \$627,429. The Change in Net Position was \$4,249,219 above budget.

Easement for MRWPCA Pure Water Project. The Board approved a draft Agreement between the District and the Monterey County Water Resources Agency (MCWRA) to amend a 2008 Easement agreement to permit a subsequent District conveyance of parallel easement to the Monterey Regional Water Pollution Control Agency (MRWPCA) for its Pure Water Monterey Project. Following approval of the draft agreement by the MCWRA Board, discussion will be held regarding compensation to the District for the easement. The MRWPCA intends to hire a real estate appraiser to make a fair assessment of the value of the easement.

Contract Amendment with JR Miller and Associates. The Board approved a contract amendment with JR Miller and Associates for the Materials Recovery Facility Improvement Project value engineering revisions to the floor plan in the amount of \$96,661, to include cost reduction options.

Lease Agreement with GreenWaste Recovery. The Board authorized the General Manager to execute a 14-Year Lease Agreement with GreenWaste Recovery for Truck Yard and Administration Facility at an annually adjusted monthly rate of \$21,375. The co-location of the administration, vehicle parking and maintenance, and fueling on the District's property for a local franchised collection fleet speaks to the long term vision and strategy of the Board on preserving a fully integrated and cross functional waste processing and recovery infrastructure as the part of the Districts mission to "Turn Waste into Resources" for the next 30 to 40 years.

Board Member Compensation. Following approval of AB 1817 in June 2016, the Board adopted a resolution which set compensation for Board members in an amount not to exceed \$100 per day for each day of attendance at a meeting of the Board or for each day of service rendered as a Director by request of the Board. The amount cannot exceed \$600 in a calendar month and will be effective January 1, 2017.

City Council Meeting
of December 6, 2016

**CITY COUNCIL CONSIDER ADOPTING RESOLUTION NO. 2016-,
ACCEPTING AND AUTHORIZING SUBMISSION OF THE REVISED
TEN (10) YEAR CAPITAL IMPROVEMENT PROGRAM (CIP) FOR
CALTRANS DIVISION OF AERONAUTICS GRANT FUNDED AIRPORT
IMPROVEMENT PROJECTS, ACCEPTING AND AUTHORIZING
SUBMISSION OF THE REVISED FIVE (5) YEAR AIRPORT CAPITAL
IMPROVEMENT PLAN (ACIP) FOR FEDERAL AVIATION
ADMINISTRATION (FAA) GRANT FUNDED AIRPORT IMPROVEMENT
PROJECTS AND AUTHORIZING SUBMISSION OF A REQUEST TO FAA
TO CARRY-OVER THE 2017 ENTITLEMENT FUNDING FOR MARINA
MUNICIPAL AIRPORT**

REQUEST:

It is requested that the City Council consider:

1. Adopting Resolution No. 2016-, accepting and authorizing submission of the revised Ten (10) Year Capital Improvement Program (CIP) for Caltrans Division of Aeronautics grant funded airport improvement projects;
2. Accepting and authorizing submission of the revised Five (5) Year Airport Capital Improvement Plan (ACIP) for Federal Aviation Administration (FAA) grant funded airport improvement projects, and;
3. Authorizing submission of a request to the FAA to carry-over the 2017 entitlement funding for Marina Municipal Airport.

BACKGROUND:

On a biennial bases, the Caltrans Division of Aeronautics (Caltrans) requests that the City of Marina review, amend, and submit an updated Capital Improvement Program (CIP) to include Caltrans grant eligible projects for the next ten (10) years. This year's request is for the years 2018-2027. The CIP must comply with revised Caltrans priorities, rules, and regulations.

On an annual basis, the Federal Aviation Administration (FAA) requests that the City of Marina review, amend, and submit an updated Airport Capital Improvement Plan (ACIP) to include FAA grant eligible projects for the next five (5) years. This year's request is for the years 2018-2022. The ACIP must comply with revised FAA priorities, rules and regulations.

On October 18, 2016, staff met with FAA to review a proposed updated ACIP, to discuss a possible 2017 project and available 2017 AIP funding for projects, and to discuss other Airport matters. The discussion concluded with a general understanding for a carry-over of grant entitlement funding to the next year.

Tartaglia Engineering has prepared various documents for response to the requests including an updated ACIP for FAA eligible projects to accommodate Marina Municipal Airport’s current and future infrastructure needs and an updated CIP for Caltrans eligible projects to accommodate Marina Municipal Airports current and future infrastructure needs, first five (5) years of the ten (10) year plan serve as the FAA ACIP (“**EXHIBIT A – ACIP/CIP SUMMARY**”), accompanying ACIP Sketch delineating and identifying the specific projects (“**EXHIBIT B – ACIP SKETCH**”), accompanying CIP Sketch delineating and identifying the specific projects (“**EXHIBIT C – CIP SKETCH**”), and individual ACIP Data Sheets reflecting proposed infrastructure projects in more detail (“**EXHIBIT D – AWP ACIP DATA SHEET, 2017 – 2027**”).

In accordance with FAA requirements, Tartaglia Engineering has prepared a letter to FAA requesting a carry-over of 2017 grant entitlement funding for Marina Municipal Airport to the following year (“**EXHIBIT E – CARRY-OVER LETTER**”).

ANALYSIS:

Each year the Federal Aviation Administration (FAA) has requested that the City of Marina review, amend and submit an updated Airport Capital Improvement Plan (ACIP) project list, in accordance with the City Council adopted Marina Municipal Airport Master Plan, Layout Plan, for FAA eligible airport improvement project.

A valid ACIP list must be submitted and on file with the FAA and a valid CIP list must be submitted and on file with the State Department of Transportation for both federal and state grant participation on airport improvement grants. FAA funding is now at 90 percent (90%) for eligible airport improvements. Caltrans, Division of Aeronautics funding, when available, is five percent (5%) of the federal grant amount. The FAA and State use the ACIP and CIP project listings, respectively, for planning and ranking of airport projects and to allocate grant funds for these projects.

The proposed carry-over of entitlement funding was mutually agreed upon at the FAA ACIP review meeting. The federal grant program allows for a carry-over for up to three (3) years of entitlement funding before any loss in grant funding occurs. At present, Marina has no entitlement funding in carry-over status.

FISCAL IMPACT:

Should the City Council approve this request, the City of Marina will continue eligibility for both federal and state grant participation on airport improvement grants.

CONCLUSION:

This request is submitted for City Council consideration and possible action.

Respectfully submitted,

Jeff Crechriou
Airport Services Manager
City of Marina
