

# Stormwater Management Program

# STORMWATER CONSTRUCTION / DEVELOPMENT TRAINING OPPORTUNITIES 2015 - 2016

Are you a contractor, builder, developer and /or building industry consultant looking for stormwater related training this year? Well, free trainings are becoming as elusive as the “monster el nino” we have all been hearing about. Listed below are some Professional Development Hours (PDH), Continuing Educational Units (CEU) and required Construction General Permit certification program opportunities for 2015 – 2016.

**REQUIRED CERTIFICATIONS:** All construction sites requiring a SWPPP / WDID # require staff on-site with specific proven skills, knowledge and abilities (SKA). One way to demonstrate the required SKA is to obtain necessary certifications (i.e. CPESC, CESSWI, QSD and/or QSP) provided by EnviroCert International and/or CASQA. For details, such as minimum qualifications, training and testing to obtain one of the required certifications visit EnviroCert International’s website at: [www.envirocertintl.org/#](http://www.envirocertintl.org/#) and/or CASQA’s website at: [www.casqa.org/resources/qsp-qsd-qualification/construction-general-permit-trainer-record](http://www.casqa.org/resources/qsp-qsd-qualification/construction-general-permit-trainer-record).

**PDH’s / CEU’s:** Looking for PDH’s and CEU’s to maintain the required certifications visit the following websites:

**Ca. Dept. of Transportation** - Infinite supply of materials to review for construction site water quality protection at: [www.dot.ca.gov/hq/construc/stormwater/snppp\\_training.html](http://www.dot.ca.gov/hq/construc/stormwater/snppp_training.html)

**Ca. Landscape Contractors Association** – on-line reference materials at: [clca.us/stormwater](http://clca.us/stormwater).

**Ca. State Sacramento** - On demand on-line stormwater training at: [www.ovp.csus.edu/stormwater-training/bmp.php](http://www.ovp.csus.edu/stormwater-training/bmp.php)

**CASQA Annual Conference** - CASQA Annual Conference offers a full agenda of stormwater focused training workshops, presentations, and exhibits, as well as a unique opportunity to interact with professionals in the stormwater field. It will be held San Diego from September 12-14, 2016. For more information visit: [www.casqa.org/events/annual-conference](http://www.casqa.org/events/annual-conference).

**International Erosion Control Association** - [ieca.org/RegionOneHomepage.asp](http://ieca.org/RegionOneHomepage.asp). The IECA has on-line on-demand training modules that meet the rigorous standards for PDH’s and CEU’s – for details visit [ieca.org/RegionOneHomepage.asp](http://ieca.org/RegionOneHomepage.asp). To enhance your SKA the IECA is offering the following training opportunities and / or events during the 2015 – 2016 term:

### On Demand Webinars & Training - eLearning

Erosion and Sediment Control

Surface Water Restoration

Stormwater Management

MS4 Management

Certifications

**2015 – 2016 Training / Event Opportunities to Date -May 3<sup>rd</sup> – 4<sup>th</sup>** – Erosion Control Summit, Shasta College

For more information visit the IECA website at: [www.ieca.org/](http://www.ieca.org/), or the Western Chapter International Erosion Control Association website at: [wciieca.org/](http://wciieca.org/).

**StormwaterOne** – On demand on-line construction site stormwater training at: [/stormwaterone.com](http://stormwaterone.com).

**QSD / QSP Training Opportunities:** For QSD / QSP training opportunities or for a list of Qualified Trainers of Record visit the following websites:

IECA website at: [www.ieca.org/](http://www.ieca.org/),

Western Chapter International Erosion Control Association - [wciieca.org/](http://wciieca.org/)

QSD / QSP: Looking for a Qualified SWPPP Developer and/or Practitioner, then the following sites may be of assistance

Water Programs Sacramento State - [www.ovp.csus.edu/qsd-lookup.php](http://www.ovp.csus.edu/qsd-lookup.php)

Western Chapter International Erosion Control Association - [wciieca.org/](http://wciieca.org/)

**Qualified Trainer of Record:** Are you looking to get or get your staff trained and certified as a QSD and/or QSP then visit:

CASQA’s website for a list of Construction General Permit Trainers of Record at: [www.casqa.org/resources/qsp-qsd-qualification/construction-general-permit-trainer-record](http://www.casqa.org/resources/qsp-qsd-qualification/construction-general-permit-trainer-record)

**Central Coast Post Construction Requirements / Low Impact Development:** If you are looking for training and/or insight on the Central Coast Post Construction Stormwater Construction Requirements then contact:

The Central Coast Low Impact Development Initiative at: [www.centralcoastlidi.org/Central\\_Coast\\_LIDI/About\\_Us.html](http://www.centralcoastlidi.org/Central_Coast_LIDI/About_Us.html)
